FOREST SERVICE TO BEGIN WORK ON WAREHOUSES

Clearing work on the Forest Reserve lot was begun this week preliminary to the building of warehouses and storage space for the road equipment belonging to the Reserve.

The Forest Reserve lot is situated on upper Commercial street and was purchased from Horace Curnow. Several old brick buildings formerly occupied by Chinese are now on the lot and these will have to be torn down to make way for the new buildings.

The new group will include a work shop 70 x 32 feet; two warehouses approximately 25 x 30 feet and sheds for storing the road building equipment sufficient for their needs.

The first building to be erected will be the work shop which will be built next to the creek. The other buildings will face Commercial street.

Five men were at work the past week clearing the lot and burning stumps and rubbish. As soon as the clearing work is complete the lot will be graded and leveled. The lot near the creek will be built up ten feet taking the dirt from the lot itself in the leveling.

A concrete retaining wall be built the entire way around the lot.

The first unit of the buildings will cover an expenditure of $5500 but will not include one of the warehouses which will be built later.

The building work at this time when work is scarce, is a great help, giving employment to a number of men. Also the buildings will be a start to cleaning up Commercial street once the major business street of Nevada City but long since more of an eye sore than a spot of beauty.

SHOOTING SUSPECT BOND IS RAISED IN COURT

When James Steffani of Truckee appeared in the superior court Tuesday morning for arraignment on a charge of attempted murder contained in an information filed by District Attorney W. E. Wright, Judge Raglan Tuttle raised his bond from $2000 to $7000 and remanded him to the custody by the sheriff until a bond approved by the court is filed.

In raising the bond Judge Tuttle remarked that he had read the testimony produced at the preliminary examination in Truckee and that Steffani was lucky that he was not facing a murder charge instead of an attempt to commit that offense.

J T. Rutherford of Reno appeared for Steffani and time for entering plea was waived and a plea of not guilty entered. Judge Tuttle then set the case fo rtrial on Monday, January 26.

Steffani is charged with shooting Bob Pini at Truckee early last July. The bullet entered Pini's chest causing a wound which for many weeks was thought would result in his death. He was in a Reno Hospital for nearly three months following the affray.

Harold C. Berry, charged with defrauding an aged Grass Valley woman of $50,000, was also brought into court and entered a plea of not guilty. His trial was set for Wednesday, January 28th.

0

TUTTLE HOME IS SCENE OF BOY'S BIRTHDAY PARTY

Wednesday was the tenth birthday of Master Dick Tuttle, son of Judge and Mrs. Raglan Tuttle, and in celebration of the day, fourteen little classmates were asked to his home on the Grass Valley road. Several delightful hourh were spent with games, at which prizes were awarded to Lacy Jones ,Albert Watters, Ruth Curnow, Betsy Bennetts and Carl Tobiassen.

Refreshments were served before the young people bid their little host goodbye.

Those present were Eleanor Jost, Charles Jeffrey, Claire Randall, Lacy Jones, Norman Kopp, Carl Kopp, Betsy Bennettes Herschal Lotz, Marion Kitts, Robert Small, Alberta Watters, Robert Vanberg, Ruth Curnow Carl Tobiasson.

MANY MEASURES ARE FAVORED BY SEAWELL

A new quail district including Placer, Nevada, Sierra, Plumas, Lassen and Modoc counties will be proposed by Assemblyman J. L. Seawell when the legislature opens its 1931 session net week. In this district Seawell will seek to advance the hunting season one month, opening November 1 and closing December first.

The purpose of the bill, he announced here yesterday, is to prevent the wanton killing of quail in this mountain region, while the birds are trapped in snow. There is little snowfall in the region in November, he said ,but there is a good deal in December, which now is in the open season.

Another bill of interest to local people which Seawell will either introduce or lend his support is that making of the Sacramento Junior College a four-year institution.

"I regard this move as a benefit to many students residing in Northern California," Seawell announced. "It will not only make it possible for many young people to complete four years of college work, but will decrease the cost of education to parents."

TO AID MINING INDUSTRY

The mining industry will receive Seawell's attention in the coming legislature, he announced. One of the bills affecting this industry that he proposes would reduce the cost of compensation insurance to mine owners. This industry now must pay 10 per cent of the mine payroll for compensation insurance, and Seawell declared that such a price is prohibitive, thretening to curtail all new development,.

Other measures that will engage the attention of the Roseville assemblyman are those prohibiting the carrying of firearms by ineligible aliens, pushing the work on the Nevada county unit of the Tahoe-Ukiah highway, and eliminating unsatisfactory phases of the teacher tenure act.

All of these projects, he announced, have been endorsed at meetings of his constituents in various parts of the district and in conferences held by him both preceding and following the general election.

"If there are other suggestions I should be glad to have them offered," he said. "I shall be glad to meet with any group interested in proposed legislation or have them call on me at the state capitol."

A promise to work in harmony with representatives of the railway labor unions during the legislative sessions was made by Seawell in his statement. " Ipropose during the sessions to meet with these representatives and work in harmony with their legislative program for the best interests of all concerned," he said.

Representatives of agriculture also will find him attentive to their needs, he said.

In offering the measure prohibiting the carrying of firearms by ineligible aliens, Seawell said he hopes to prevent these aliens from hunting wild life. In the same bill he will seek to increase the angling license fee to $25. "It has been called to my attention these people are the worst law violators and ase the cause of many accidents during the hunting season," he explained.

In the matter of highways he will work for the interests not only of Nevada county, Seawell indicated. He will support a move to have the state improve the Nevada City-Downieville unit of the Yuba Pass highway and will support completion of the highway from Beckwith to the Nevada state line in Plumas county. It is his intention to sopport early completion of the Nevada sounty unit of the Tahoe-Ukiah highway.

EDDY RETAINS CHAIRMANSHIP

The supervisors have reorganized for te coming two years by the re-election of R. A. Eddy of Nevada City of the first supervisorial district as chairman of the board. As there has been no change in the personnel of the board the same committee assignments will stand.

The board visited the county farm and the county hospital reported both institutions in their usual good condition. At the session held in the supervisors' room only routine matters received attention.

JURY RENDERS DECISION IN FAVOR DR. CARL P. JONES IN DAMAGE SUIT

At 3:30 this afternoon the jury in the case of Dr. Swayze vs. Dr. Jones rendered a decision in favor of Dr. Jones.

The damage suit brought by Dr. Ormiston Swayze against Dr. Carl P. Jones has occupied the court for two days and is to go before the jury today. The sum named in the complaint is $25,000 for alleged damages caused by the arrest of Dr. Swayze November 1929 on the complaint of Dr. Jones, County Health officer, for failure to report a case of small pox in the Kistle family.

A large crowd has listened for two days to the testimony of the witnesses who included Dr. W. H. Kellogg of Berkeley, Dr. Swayze, Dr. Carl Jones, Mrs. A. J. Kistle, Everett Kistle, and A. J. Kistle.

A number of amusing incidents occurred during the cross examination of the witnesses which brought mirth from the audience.

Attorney Harry McKee of Nevada City and Vincent Surr of Berkeley are counsel for the plaintiff, while Dr. Jones is defended by Orrin J. Lowell of Auburn, Lynne Kelley of Grass Valley and George L. Jones of Nevada City.

STOPING OPERATIONS AT MAR-JOHN MINES CO.

SAN ANDREAS, Calif., Jan. 8.—(Special) — Stoping operations, on three separate veins paralleling each other within a space of 340 feet, are being prosecuted by the Mar-John Mines Company ,at its property about seven miles northeast of Murphys and which is controlled by John T. Martin and associates of San Francisco. One shift of workmen is employed in the mine and three shifts in the ten-stamp mill. Production is coming from the 350-foot vertical shaft.

After a vigorous campaign of development work extending over about two years, the mine establishing itself on a profit-making basis early last summer and has since been making a highly creditable showin, it is officially stated. About a mile east of the main or old workings, the company has a showing of ore carrying cobalt and rare earths, which is shipped to its own plant in San Francisco for special treatment. The Mar-John property, embracing 312 acres, patented, is equipped with a full complement of mining and milling mahcinery.

The Rough Diamond Mining Company, a close Nevada corporation controlled by E. G. Van Olen, Frank Mainnis and Gerold, E. F. and F. E. Engstrum, all of Los Angeles, is making good proyress in the development of a placer property, about eiht miles norhteast of Angels Camp and a short distance from the Vallecito Western placer mine, controlled by Thomas H. Lipps, well know oil man, and associates of Los Angeles. The Rough Diamond shaft is equipped with a 52horsepower electric hoist, three-drill compressor, machine drills , etc.

COUNTY CLERK GEORGE COUGHLIN RESIGNS

After twenty-four years of continuous service as county clerk George Coughlin retired last Monday. He was tendered a tapestery covered chair as a token of the esteem in which he was held by his fellow members at the court house.

R. N. McCormick succeeds his uncle as county clerk and has as his assistant Ralph E. Deeble of Grass Valley.

The new county clerk was presented with a beautiful basket of red carnations by the young ladies of the court house.

VENERABLE WOMAN SUFFERS INJURY

E. J. N. Ott of this city was called to San Francisco early Sunday by the news that his mother Mrs. George Bonney, had been injured late Saturday evening.

Mrs. Bonney was injured when she fell in a faint in the bathroom striking her head against the bath tub and sustaining a broken nose, a scalp wound and broke one of the small bones in the wrist. She was taken to the Emergency hospital for treatment. She was later removed to the home of her daughter, Mrs. W. H. Dunlat, of San Francisco, where another daughter, Mrs. John Blasauf, is assisting in giving to the venerable old the tenderest of care. Dr. Ford, the attending physician, said the aged woman who has reached her 89th year, will recover.

Mr. Ott, who was accompanied as far as Sacramento by his wife and daughter, Beatrice, returned home Wednesday. Mrs. Ott and Miss Beatrice remained in Sacramento to visit relatives and the young lady had the pleasure of attending the Rolph inaugural ball.

0

SKI CLUB TO HOLD BUSINESS MEETING TONIGHT

The winter sports of western Nevada County will open Sunday at the Nevada City-Grass Valley Ski Club park on the Tahoe-Ukiah highway.

A general meeting will be held at 7:30 o'clock at the Chamber of Commerce rooms in Grass Valley tonight. It is expected that some valuable suggestions will be made at this meeting in regard to procedure at the course.

The Oakland Tribune will carry a page of pictures of the ski course and toboggan slide Sunday morning.

0

THE ARGO GOLD MINE MAKES FINE SHOWING

Recent development work and mill tests at the Argo mine in the Red Cloud district, owned and operated by Walter McLean, proves beyond doubt that this is one of the best properties on the east belt of the Mother Lode, says the Mariposa Gazette.

While development work is now under way, the vein is several feet in width and the ore mills $30 per ton, aside from the concentrates and specimen ore that was not put through the mill.

This mine is being operated on an economical basis, and is paying all of its own operating and development expenses.

THE NUGGET'S SUBSCRIPTION LIST GROWS

IT is most gratifying to the publisher of The Nugget to know that the subscribers are staying by her. Daily mails bring in nenewals without even a request for payment. Also from various parts of the state comes the report of the high regard in which The Nugget is held, not from one source alone do we hear this, but from various sources and we feel that it is well worth the effort. A number of new subscribers have also been added to the already long list of subscribers.

It is our earnest desire to give our readers the best possible mining news.

This week's issue contains three stories from other parts of the state which were written exclusively for The Nugget. We acknowledge them and tender our thanks to the writers for them.

SKI CLUB PLANNING FOR BIG WEEK-END

Members of the Nevada City-Grass Valley Ski Club are looking forward to a delightful week-end at the local ski course.

Visitors at the course on Wednesday reported eighteen inches of snow. With clear weather forecasted many parties are being planned for Saturday night. A large crowd is expected on the course on Sunday, including out of town visitors.

tI is advisable to park the cars on the highwa yand a traffic officer will be on hand to direct the cars.

Publicity is being directed by the N. C.-G. V. Golf Course.

Rolland "Cass" Kennedy, automobile editor of the Oakland Tribune, and Frank Attlewell, head of the Tribune Art Department and Mrs. Attlewell, spent the week-end in this section for the purpose of picturing and writing the merits of the Nevada City-Grass Valley Ski Club course There was not a heavy fall of snow at the time the time the pictures were taken but enough that the men were able to secure excellent photographs which will be published later by the Oakland paper.

A party, consisting of Walter Huson, Mueller Chapman, Frances Hogan, Bud Sharp, Percy Walters, J. J. Jackson and Elmer Fischer visited the course yesterday and packed down the snow on the bob-sled track and on the amateur ski course. It is hoped that a hard freeze will put the track in excellent condition.

Sawdust has been put on the club house floor and lights have been installed. A stove affords heating facilities.

0

YELLOW ASTOR MINE TO BECOME LARGE PRODUCER

RANDSBURG, Jan. 8.—(Spenial) —From a mighty poor prospect three years ago ,a run-down looking mill with two units of 5 stamps each, an old Cad' engine hauling the product for the company and leasers to the mill, such was the condition of the Yellow Aster. Today, the milling plant of 50 stamps with its uptodate improvements, running on a two-shift basis, two Plymouth engines hauling long trains of ore in the regulation underground ore cars, the piles of junk hauled off,blacksmith shop and all mine buildings fully equipped and the good work goes on. All material used in new or old improvements is of the best and brand new. All of the timbers and lumber now put in the 50-foot frame for the double compartment shaft are new; from the size of the stacked lumber piles, that goes for every stick that will be used in shaft sinking.

Under the cooperation of president Albert Ancker and the company's manager, Frank Allen, Jr., has the famous old gold mine a beginning for the making of a lare producer. Immediately following the installment of the 50-foot headframe, the skip will be constructed and then, the resumin of sinking 200 feet below the old workings..

In the sinkink of the Bender shaft below the 50-foot level, the miners broke into what may be a talc intrusion at 58 feet. Owing to the absence of Gustav Bender, owner, who with his wife, are visiting San Francisco friends, the miners will not give out any definite information. Samples of the material looks more like a mud, put pans way up. Reynolds and Duran, leasers on the Agnes claim, west of camp, have recovered their rich vein of 18 inches that faded out for two weeks. There is a good prospect for another gold mine.

0

COLLEGE MISS BREAKS ANKLE

Miss Helen Jones broke a small bone in her ankle while skiing on Thursday afternoon. The injured limb was set by her uncle, Dr. Carl P. Jones. Miss Jones, who is an honor student at Stanford University, is spending her vacation visiting her parents, Judge and Mrs. George L. Jones.

0

Mrs. C. J. Carpender of Oakland is spending several weeks here as the guest of her sister, Mrs. W. E. Wright.

RICH ORE FOUND IN OLD QUARTZ MOUNTAIN MINE

JACKSON, Calif., Jan. 9.—(Special).—Ore of sensational value is bein exposed in the sinking of a shaft on the Quartz Mountain property ,about four miles east of Sutter Creek, recently taken over and being operated by Anderson Callison, an oil man of San Francisco and Los Angeles, and James R. Murphy, a mining engineer of San Francisco. The bottom of the shaft, now down about 50 feet, is disclosing thirteen and onehalf feet of ore of shipping grade, with assays running as high as $1738 a ton in gold as well as silver and lead values. Additional work will be required to determine the importance and magnitude of the discovery, which is attracting considerable attention.

The Carrie Mines Corporation, operating near Pioneer Station, 16 miles east of Jackson, is sinking its shaft from the 100foot level to a depth of 200 feet. The purpose of this work is to open up the downward extensions of three ore shoots, varying in width from two to five feet, which were revealed by a 500-foot drift tunnel connecting with three shoots were disclosed by the the shaft on the 100foot level. The tunnel within a distance of 250 feet and are practically one continuous orebody. The shipping ore thus far extracted has averaged $150 and the milling grade has raned from $22 to $59 a ton in old, according to Manager R. Murdo, in addition to its own product, the company's five stamp mill reduces ores from other nearby properties.

The drift tunnel being advanced by John Pierovich, W. D. Tam and Boggs Caminetti, all of Jackson, at the Saint Julian mine, three miles south of Jackson, under a lease they hold on the property, is disclosing four stringers of quartz, varying in width from two to six inches and yielding high gold values. Conditions present in the drift face indicate that the striners should make into one orebody within a short distance. In the early days, the property, owned by Mrs. Ella Caminetti, also of Jackson, yielded many rich "pockets" of gold. It adjoins on the southwest the Neville mine, famous as the producer of $170,000 in gold in a single night shift of the mill which operated on the property in the pioneer period.

0

NEVADA COUNTY LOSES COLORFUL CHARACTER

Nevada County lost one of its most colorful characters in the death of General Chas. F M.'Glaashan at Truckee on Tuesday evening.

A career which included school teaching ,editing a newspaper and practicing law, all of which took place in Truckee. He is the author of the "History of the Donner Party."

His home in Truckee is a show place. In the latter part of his life Gen. M'Glashan became interested in collecting and propagating butterflies. Besides his butterfly collection his museum, built on the famous balancing rock contains many relics of the famous Donner party.

He was also a philanthropist and many hungry men were fed at his expense.

The deceased leaves a wief and five daughters to mourn him. Several of the daughters have gained reputtaions for themselves in various lines. Funeral services were held Thursday afternoon at 2 p. m. under the auspices of the nKights of Pythias.

0

WILLIAM PAYNTER PASSES

Grass Valley suffered a distince loss on Sunday in the death of William Paynter. His death was preceeded by that of his mother of only

He was about sixty years of age and was noted for his kindly deeds. He will be especially missed by the convent children who loved him.

He was interested in mining.

His funeral on Wednesday morning was largely attended.

In a blaze of glory unprecedented, "Sunny Jim" Rolph was inaugurated as California's twenty-seventh governor. All parts of California participated in the mammoth parade on Monday and sent floral offerings and telegrams to the popular Governor. But in spite of it all, the Knocker's Club is already busy with their hammers on the poor man. Most of the knocks come from disgruntaled job seekers,who aren't sports enough to acknowledge that a better man had the job they sought. Lets be fair to Governor "Jim" and if we think he has made a mistake realize that he is far better qualified to fill his job with his years of political experiences behind him than you or I would be. Also don't expect a sinesure for all the troubles confronting the state at the present time. One way we can help is by lending a helping hand to the unemployed and by assuming an air of cheerful optimism.

C. C. Young should be held up to every school boy as an example of a good looser. From the first moment of his defeat he has aceted in a most sportsmanlike manner. He was one of the very first to send a telegram of congratulation to James Rolph and his conduct ever since has brought the admiration of even those who did not vote for him at the primaries. Our wish for the ex-governor is for a long and happy private life.

Northern California won a decided victory last Monday when Edgar C. Levey of San Francisco was elected Speaker of the Assembly, defeating his opponent, Walter J. Little of Santa Monica, by a margin of only two votes. The battle for the speakership which has been going on ever since the primaries was a hard fought one, each side claiming to have the majority in their favor. Percy West of Sacramento carried on Little's campaign in Northern California in hopes to gain the Southern California strength for the reapportionment which will be one of the big problems before the present legislature.

It will behoove Nevada County to be on their toes and watch the reapportionment. It is rumored that Yuba County hopes to attach Nevada County to her Assembly District. This would be a distinct calamity as Nevada County would lose sight of the fact that Yuba County was one of our bitterest enemies in the hydraulic mining bill.

With Governor Rolph pledged to help mining and both Merriam and Levey interested in mining legislation some interesting things are sure to happen at the present sssion of the legislature. Don" leave it all to the legislature, though. We must get behind them and show that we are interested.

KENNEDY MINE SAID TO BE DEEPEST GOLD MINE

The old Kennedy mine of Amador county is said to be the deepest gold mine in the United States. Under the new management the Kenedy is producing with the regularity of clockwork and the best ores are said to come from the lower levels which are said to be the deepest of any gold mine in the United States. With the exceptions of shutdowns caused by fire and other unavoidable circumstances, it has been yielding ore, for the past 45 years—since 1885, and according to information obtained from a reliable source the mine is giving no sign of petering out, notwithstanding the fact that current production is coming largely from its deepest level which is 4,800 feet vertically below the collar of the huge shaft.

The company's sixty stamp mill is treating around 7,000 tons of ore every month or an average of about 233 tons daily.

Although President E. C. Hutchinson declines at all times to make public the value of the ore reduced, the current output is known to be yielding a good profit. No reply to questions he merely smiles and says the values have persisted "from the grass roots to the lowest level 4,800 feet vertically." Despite this policy of silence on the part of the management the Kennedy and its equally as famous and almost as deep neighbor on the north, the Argonaut, have demonstrated without doubt, especially of late, the persistence of the ore bodies on the Mother Lode going down to phenominal depths, which condition coupled with the world cry for greater gold production is largely responsible for the current and steadily increasing revival of gold mining operations in California.

Mine receipts—returns from bullion and concentrates sold of the Central Eureka Mining Company, operating at Sutter Creek, a short distance north of the Kennedy and the Argonaut mines, for the ten months ending October 31 last, officially made public recently totalled $326,000. This is at the annual rate of $391,200 and compares with $357,570 for the year ending April 1st of last year. With a force of around 140 miners and mill men the company's forty-stamp plant is reducing an average of 4000 of ore monthly it is officially stated.

Current production is being obtained brom the 2,000 and 2,0100 levels of the old Eureka property, frequently referred to as the Hetty Green Mine, it having been owned at one time by the late noted woman financier. It was bought five years ago at a net cost of $150,000 by the Central Eureka from the Old Eureka Mining Company which years previously paid Mrs. Green $500,000 for it. State records show that in the early days of mining the Old eureka produced ore valued in excess of $12,000,000 above the 1,700 foot level, which in elevation corresponds with the 1,900 foot level of the Central Eureka adjoining on the south.

Following acquesition, the Central Eureka resumed development of the Old Eureka at depth and in the last two and a half years, has expended, in addition to the purchase price $200,000 in equiping and preparing the property for renewed production. This is now getting under headway.

It is claimed that the mine can be operated much more economically with the completion of the presen tplans upon the completion of the 1,500 drift that is now being extended on the 2,540 level of the Central Eureka shaft to connect with the 2,300 foot point in the Old Eureka shaft. This drift proceeding between two parallel veins about 70 feet apart has already been advanced more than 300 feet. It is expected to be finished about August next.

Miss Emily Davis, county health nurse, has returned from San Francisco where she attended a convention of nurses.

Mr a.nd Mrs. B. L. Syms who have spent the past day or so in San Francisco, will return home today.

'AUNT LUCIA' PLAY AT GRASS VALLEY SUCCESS

"Aunt Lucia" feature farce, an adaptation of "Charlie's Aunt" with a number of choruses and a juvenile pageant was produced at the Strand theatre in Grass Valley Wednesday and Thursday nights under the auspices of the Woman's Improvement Club with Miss G. Lindly, director.

These special numbers include a special number "Sinign' in the Rain" by the girls' chorus, followed by "Who's That Pretty Baby," flapper chorus; "Breezin' Along," Sailor chorus; Glee club song, to accompany the Flapper chorus and give the college atmosphere to the play and a special baby pageant, "Take Me Back to Babyland," featuring the school children between 5 and 9 years with Miss Helen Lobecker as reader.

Seventeen local men and women are contained in the cast of "Aunt Lucia," the musical farce. The group and their characterizations follow:

Jerry, Fake Aunt E,ben Smart; George, College Boy, Lawrence Wood; Bety George's Girl, Katthleen McGagin; Dick, Football Star,, Earl Covey; Molly, Dick's Girl, Lucile Crase; Ethelyn, Jerry's Girl, Marjorie Bennetts; Butter and Egg Man, Ed. Waters; Mr. Collins, Dr. Evans; Prof. Gaddis, George Forester; Dean of Women, Elma Giani; Pres. Seamore, J. E. Gooding; Mrs. Seamore, Florence Mann; Fresman, Walter Johnson; Freshman, Willard O.Hara; Glee Club President, Burton Skewes; Frat. President, Bob Jefford; Cheer Leader, Raymond Conway.

METHODIST JUNIOR LEAGUE

The Junior League of the Methodist Church held a social evening last Saturday evening at the home of Mrs. Raglan Tuttle. More than 20 young folks enjoyed the games planned for their pleasure and the refreshments which followed. Miss Elizabeth Janes and Mrs Otto Schiffner assisted the hostess in making the evening pleasant for the young people.

ELECTRICAL WIRING

L. B. Gregory will do all kinds of electrical wiring and all kinds of ignition work. He is well known here for his high class work.

Anyone wishing his services may call the Miners Foundry, Phone 10.

LOCATION NOTICES—Quartz and placer location notices for sale at The Nugget office at 5c each.

3
FARES
EAST

Southern Pacific offers a new system of 3 class one-way rail fares to many eastern cities. Now you will have more opportunity to match ticket with purse. Choice of fares, choice of trains, choice of accommodations . . . and *choice of routes.*

The classes are:

1
STANDARD PULLMAN. Same as present fares. Good in Standard Pullman cars on Southern Pacific's finest trains.

2
INTERMEDIATE. Much lower than Standard Pullman. Good in Tourist Sleepers. These provide regular Pullman berths, wash rooms and porter service.

3
COACH-CHAIR CAR. Most economical of all. Good in warm, clean coaches and reclining chair cars.

As an example of the economy of these last two classes, the *saving* from San Francisco to Chicago in rail and sleeping car costs is

INTERMEDIATE . . . $25.72
COACH-CHAIR CAR 53.47

All classes permit liberal stopovers at important cities en route. Similar fares westbound.

Southern Pacific

NEW JERSEY HAS FOUND REAL GOLD MINE

Hard to believe, but here it is. It is being worked by Archie Saunders, a seventy-three-year-old farmer of Hackettstown who found it with the same divining rod rod that he has been using for years to locate sites for wells. He had previously discovered several small deposits, but this latest one is the richest of them all. "Pay dirt" was struck eight feet below the surface. According to an assay from Denver, the earth should yield more than five dollars to the ton. The aged farmer is sure, however, that at a greater depth richer veins will be found.

MINES NOW HAVE FIRST CLASS POWER

Dan C. Stewart, county agent of the Pacific Gas and Electric Company announced that the big job of "cutting in' the high voltage lines at the Murchie, Hoge Development and Boreham Mines, had been completed and these mines will now be ideally situated so far as power requirements are concerned.

The new lines carry 11,000 volts and in addition are of heavy copper wire which will cut down the resistance to a minimum.

Spend 1¢
for electricity
_avoid a cold

These cold mornings while you are dressing or shaving, 1¢ worth of electricity keeps away dangerous chills. So plug in a portable electric heater during your first 20 minutes out of bed—and start the day in healthful comfort.

Mothers like an electric heater for the children's room. It's absolutely safe. It's fine for drying hair. It dries clothes on rainy days. It's nice when you want a little heat when starting the furnace. Or when you come home cold late at night. This type of heater is designed especially for heating the bathroom, breakfast nook or any other small room. No special wiring is needed. Simply plug it into any Convenience outlet.

The operating cost for a full hour is but a few cents, for we have a Special Domestic Heating-Cooking Rate.

See the selections of portable electric heaters at our office.

Local dealers also sell Portable Electric Heaters.

OUTPUT OF METALS FROM MINES IN CALIF. IN 1930

The total value of the gold, silver, copper and lead produced from placer and lode mining in California in 1930 is estimated at $13,007,300, or a decrease of approximately $2,083,-300, compared with 1929 ,according to preliminary figures prepared by Victor C. Heikes of the United States Bureau of Mines, Department of Commerce. Gold, silver and lead all showed increases in output compared with 1929, but copper declined in yield owing to the drop in price of the metal and the consequent curtailment of production. No recovery of zinc was reported in 1930.

GOLD

The value of the gold recovered from lode and placer mining in California in 1930 is estimated at $9,-033, 600, compared with a value of $8,526,703 in 1929. This is an increase of approximately 24,500 fine ounces in quantity and about $506,-900 in value over the yield in 1929. Gold from lode mines increased, with practically all of the larger gold mines showing a gain in output. Placer mining, largely confined to dredging operations, will again show a decrease in old yield, but active mining of copper ore during the first half of the year helped to increase the gold output. In Nevada county the Empire Star Mines Co. developed a new vein with encouraging results. At the North Star mines a leasing system was inaugurated and the North Star was equipped with with flotation machines for testing oxidized ores and current tailing from the Empire plant. An aerial tram, which carries the North Star ore to the Empire mill, now connects the two properties. The Pennsylvania tram line handles waste from the Empire mine and also carries ore from the Pennsylvania shaft to the Empire mill. At the Idaho-Maryland, development was continued with encouraging results and enlarged milling facilities were planned. Reconditioning of the Bruswick on an adjoining property was under way in order to provide for the increase in milling. The American Foundation Company, operating the Murchie gold mine, increased the capacity of its flotation mill and the gold production was increased. Development of the Hoge, Grass Valley-Boreham, Queen Lil, and other gold properties in the Grass Valley-Nevada City district continued. In Amador County with the Kennedy mine and mill again on an active operating basis and the Argonaut taking on new life from ore developed on the 5,500-foot level, the production of gold in the Jackson district will show an increase compared with the 1929 outpot. The Central Eoreka, however, did not come up to its usual production and the Moore Mine was inactive. The custom cyanide plant of the Amador Metals & Reduction Co. was operated without interruption on tailing and concentrates. In the Lancha Plana district the dredge operating on the Amador County side of the Mokelumne River had an increased gold yield. Mining of the Iron Mountain gossan deposit in Shasta County by the Mountain Copper Company was actively carried on and about 8000 tons of gold ore was treated monthly by cyanidation. Capacity of the mill was recently douled. In Trinity County the Trinity, Lewiston and Madrona dredges were in operation, but in Shasta County the dredge on Clear Creek was dismantled. The Yuba Consolidated Co. operated four boats in the Hammonton field, the Capital Dredging Company three boats in the Folsom field, the National Company 6 boats in the Natoma field and the Hammon Engineering Company was operating the two boats of the LaGrange Gold Dredging Company in Merced and Stanislaus Counties. Exploration work was continued in the Bodie field, Mono County, by the Treadwell Yukon company, with especial activity centered on the Noonday Vein of the Red Cloud property.

SILVER

The silver output from mines in California in 1930 is estimated at 1,448,000 fine ounces, valued at $557,500, an increase of approximately 271,100 fine ounces in quantity and a decrease of about $69,800 in value as compared with 1929. The mining of silver-lead ores in Inyo County and of silver ore in Napa County were the chief sources of the increased yield of silver, though some gain was also made from the mining of copper ore, particularly in Plumas County, augumented its silver yield with an increased gold output; the ores of this property are showing a higher gold content as the vein is developed. The Kelly Rand or Uranium and the Santa Fe silver properties in San Bernardino County were operated jointly by the Wortley Consolidated Mines Company and sliver ore was both milled and shipped. In the Calico district the Zenda Gold Mininf Company did considerable underground work and shipped silver ore to a smelter. On account of the low price of silver the Comanche Mining & Milling Company discontinued shipments of silver ore from its Mono County property, which was closed January.

AM. MINING CONGRESS HOLDS CONVEATION

The American Mining Congress which held its meeting in Washington recently, went on record as favoring no change in the present methods for determining deplorable allowances for taxation purposes, except that there should be some amendment of the provisions for discovery. A resolution to this effect was adopted after discussion had evidenced a wide variation in opinion as to the recommendations which should be made to congress.

Robert E. Aally, retiring president addressed the annual session and outlined moves for the modification of the anti-trust laws, launched some time ago by the mining congress. Mr. Tally stated that this program was in line with President Hoover's recent message to congress urging investigation of the anti-trust statutes.

S. Livingston Mather of the Cleveland-Cliffs Lron Company, Cleveland, was elected president for the ensuing year. Other officers include: A. E. Bandelari, vice-president; J. B. Warriner, second vice-president; J. T. Skelley, third vice-president, and J. F. Callbreath, secretary; Mr. Mather, Louis S. Cates and Robert E. Tally will form the executive committee.—Mining Journal.

MOTHER LODE GOLD PRODUCTION CONTINUES

With the regularity of clockwork, production continues from the bottom levels of the Kennedy mine, near Jackson, the deepest gold mine in the United States. With the exception of shutdowns caused by fire and other unavoidable circumstances it has been yielding ore, and hadnsomely rewarding its comparatively few owners for years—since 1885. According to information obtained from a reliable source, it is giving no sign of exhaustion, notwithstanding the fact that current production is coming largely from its deepest level, which is 4800 feet vertically below the collar of its huge stamp.

The company's 60-stamp mill is treating around 7000 tons of ore monthly, or an average of about 233 tons daily, it is officially learned. Although President E. C. Hutchinson declines at all times to make public the value of the ore reduced, current output is known to be yielding a good profit. In reply to questions he merely smiles and says the values have persisted "from the grass roots to the present bottom level, 4800 feet vertically."

Despite the sphynx-like policy of management, the Kennedy and its equally famous and almost as deep neighbor on the north, the Argonaut, have demonstrated beyond a doubt the persistence of Mother Lode ore bodies to phenomenal depths. This condition, coupled with the world-wide cry for greater production of gold, is largely responsible for the current and steadily increasing revival of mining operations on California's great vein system for many miles north and south of the two great producers named. — Mining Journal.

MINING ACTIVITIES ON PACFIC COAST

The Santa Ana Mining Company is mining ore that carries 17 per cent cinnabar ,15 per cent tungsten, a small percentage of gold and a trace of silver from the bottom of its 75-foot working shaft near Keene, California. Twenty-five men are employed. C. O. Holmes, vitrus grower of Pomona, is president of the company; G. R. Simpson, experienced and practical mining engineer, is the resident superintendent.

During the past few months operations at the Reed quicksilver mine in Yolo county, Calif., have been confined to drifting north and south from the lower tunnel. The north drift was driven 6- feet during December and has reached a length of 528 feet. J. H. Collier ,of San Francisco ,is general manager.

In accordance with its development program outlined last June, the River Placers Company, Ltd., has sunk a 40-foot vertical shaft on the iMddle Fork of the Yuba River, and has crosscut to the channel which is 80 feet from the shaft and four feet lower. The Company has a lease for eight years on the old Hastings

The Salyer Consolidated Mines Company, R. B. Brown, mine superintendent, Sayler, Calif., placed a seven-inch hydraulic conitor in operation and has four additional Hendy monitors going into commission. About $500,000 has been spent in developing and equipping the property and a capacity of about 3,000 cubic yards of gravel can be handled daily. C. B. Dunster of Oceanside, Calif., is consulting engineer.

Sanford Sobey and associates of Hollywood, Los Angeles and San Francisco, have acquired the Herman gold mines at Foresthill, Cal. The ground was originally placered and in the '90s operated as a quartz mine. Litigation and war conditions forced its shut down in 1916. Four major, free-milling, ribbon quartz veins cross the property, but the Herman is the only vein that has as yet been developed. The property embraces 140 acres, partly covered with heavy timber.

The Calaveras Development Company, a Nevada corporation, has acquired the old Ford mine at San Andreas, Cal., credited with a production of $300,000. Deeper development work will be under taken.

The Treadwell-Yukon Company, Ltd., R. J. Duncan, manager, Bodie, Calif., is getting some high-grade ore from the 700-foot leve of the Noonday vein. All work is handled through the Red Cloud shaft. The drift has advanced 60 feet on a fair grade of mill ore, which averages four feet in width and still lacks several hundred feet in width of the Noonday shaft.

Grass Valley to Los Angeles via Stockton, both ways—16 days $26.25; 3 months, $31.75; Nevada City $26.50 and $31.50.

Grass Valley to Los Angeles via Stockton one way, returning via San Francisco or vice-versa—16 days $28.75; 3 months $34.75; Nevada City $29.00 and $34.25.

LEGAL NOTICE

NOTICE OF SALE OF REAL PROPERTY

Notice is hereby given that the undersigned, VERNA MAY LEVEE, as the administratrix of the estate of WILLIAM RUBLIN, deceasel, will sell the hereinafter described real property, on or after 10:00 o'clock A. M. TUESDAY, JANUARY 6, 1931, at private sale for cash, in one or more parcels, to the highest bidder upon the terms and conditions hereinafter mentioned and subject to the conformation of the superior court of the State of California in and for the City and County of San Francisco, Department No. 9 thereof, in the matter of the estate of WILLIAM RABLIN, deceased. The bids or offers must be in writing and may be left at the office of Thos. H. Nicholls, attorney for said administratrix, 68 Post St., San Francisco, California, or delivered to the said administratrix personally, or may be filed in the office of the clerk of above entitled court to which the return of sale must be made, at any time after the first publication of this notice and before the making of the sale.

The property, referred to herein, to be sold, is described as all of the right, title, interest and estate of said deceased in and to the real properties described as follows:

PARCEL NO. 5. An undevided one-ninth interest in the BEAR RIVER PLACER MINE, situate in Dutch Flat Mining District, Placer and Nevada counties, California, being a portion of Mineral Lot 40 and described as the East Half of Lot 5 and 6 in the west half of Sec. 4, T. 16 N., R. 10 E., subject to an easement of the Pacific Gas and Electric Company to flow 28,000 inches of water across said property.

PARCEL No. 6. An undivided one-eighth interest in the NORTH FORK AND BEAR RIVER TUNNEL COMPANY'S CLAIM, situate in Dutch Flat Mining District, Placer and Nevada Counties California, described as Mineral Lot No. 39 in Secs. 4 and 5, T. 15 N., R. 10 E., subject to an easement of the Pacific Gas and Electric Company to flow 28,000 inches of water across said property.

PARCEL NO. 8. An undivided 1276 7-12 interest in that portion in 11077 Nevada County of the BEAR RIVER TUNNEL PLACER MINE, situate in Dutch Flat Mining District, Placer and Nevada Counties, California, described as Mineral Lot No. 72 in Secs. 5, 6 and 7, in T. 15 N., R. 10 E., save and except therefrom the McManus and Preston claim, and subject to an easement of the Pacific Gas and Electric Company to flow 28,000 inches of water across said property.

TERMS AND CONDITIONS OF SALE: Cash in lawful money of the United States of America; ten per cent of the purchase money to be paid at the time of the bid and the balance on confirmation of sale by the said Superior Court.

Dated, December 15 ,1930.

VERNA MAY LEVEE.

Administratrix if the Estate of William Rablin, deceased.

Personal

Miss Gray, a member of the high school faculty, who spent her vacation in Sacramento, has returned home.

Miss Neta Botting returned to her home in this city after spending two weeks in San Francisco.

Mr. and Mrs. H. E. Kjorlie have returned from Stockton where they spent the holidays with relatives.

J. Mackay drove down from the Kate Hardy mine and spend a few hours shopping here Saturday.

Mr. and Mrs. H. O. Kohler of Washington were visitors in this city Saturday.

Mr. and Mrs. Glen Pearce have returned to their home in Richvale after spending the holidays in this city visiting friends.

Mr. and Mrs. Henry Jacobs have returned from a pleasant six weeks' vacation spent with relatives in Santa Rosa and San Francisco.

Walter Carlson of the Nevada City Grammar School has returned from Arcata, Humboldt county, where he spent the past fortnight.

John W. ON'eill went to Sumsville to attend the funeral of his late uncle, Dennic C. Wood which was held Monday.

Mrs. Clarence King and little son, who spent several weeks in this city with Mr. and Mrs. W. S. Coughlan, returned to San Francisco.

Miss Dorothy Jones returned to her home at San Brun after spending the past few weeks in this city visiting as the guest of Frank Pearce and family.

Carrol Coughlin, Student at Mt. St. Mary's Academy, will return to San Francisco today to resume his studies after spending the Chrihtmas vacation here.

Deputy Sheriff Jack Nettle and William Rickard made a trip to San Quentin taking William Chorosky to the state prison to commence serving a term for car thievery.

Miss Gertrude Howarth, who spent her vacation in this city with her grandmother, Mrs. George Fortier, returned to Woodland where she will enter the Holy Rosary Academy.

Miss Dorothy Tamblyn returned to Stockton today to resume her studies in the College of the Pacific. She has been spending the holidays with her parents, Mr. and Mrs. W. V. Tamblyn.

Lloyd Penrose, who has been spending his vacation in this city with his parents, Mr. and Mrs. James Penrose, has returned to San Francisco where he is a student at the California School of Arts.

Miss Virginia Morris and Miss Lezchincky, local high school teachers who spent their vacations in Santa Monica and Berkeley respectively, have returned to rehume work in the schools.

Pierson Tuttle who spent the Christmas holidays in thih city with his parents, Judge and Mrs. Raglan Tutle, returned to the College of the Pacificto rescme his spring semester.

Miss Ruth Peard, accompanied by her fiance, Wilton Arney, spent New Yr's Day in this city, returned to Chico.

Mrs. Mary Rossen and daughter, Miss Mary Rossen, and Mrs. Raymond C. Rossen, drove to the bay region after spending the holidays in this city.

Mrs. and Mrs. James Snell and two sons, James L. and Bill, arrived from Hollister to attend the funeral of Mrs. Snell's father, William Nannervis at Grass Valley.

Mr. and Mrs. William Maguire have returned from San Francisco where they spent the holidays with relatives.

Mr. and Mrs. E. W. Smith have returned from Folsom where they spent the holiday season with relatives.

Princeton w,ho are the guests

Stenger Williamson has returned to Oakland where he will resume studies at the Polytechnic College at that city after vacationing here.

Deputy Sheriffs William Rickard and Jack Nettle are back at the court house after an official week-end trip to San Quentin prison.

Miss Bernice Clemo, deputy county assessor visited Sacaramento during the celebration of the Rolph inaugural.

Mr. and Mrs. S. A. Moran, former residents, have returned to this city after an absence of some time to make their future home here.

Milton Masters, student at the University of California at Berkeley, is visiting in this city with his mother, Mrs. Frank Masters.

A. M. McGagin, County Probation Officer, returned Sunday night from a business trip to Whittier.

Mr. and Mrs. Steve Walsh have returned from an enjoyable vacation spent in San Francisco and bay cities.

F. F. Cassidy has taken his departure for Los Angeles where he expects to spend a short time on business.

Mrs. Ray Murchie and son, Carl, have returned from Los Angeles where they spent the holidays with relatives.

GRASS VALLEY PERSONALS

A. O. Witte, president of the Grass Valley-Boreham Gold Mines Company, is up from Los Angeles to remain for several days on mining business.

June and Janise Dietz of Stockton spent the week end visiting as guests at the home of Mr. and Mrs. F. R. Tyson of North Auburn street.

Rev. Charles Washburn, wife and family have returned from Santa Cruz where they have been visiting during the past week with friends.

William Manuel, who has been spending the holidays with his mother, Mrs. J. W. James, has returned to his home at Menlo Park.

Charles Ingram came up from Sacramento to visit in Grass Valley.

W. D. Scott came up from San Francisco and remained for several days on business.

Miss Ethel V. Caddy, Grass Valley school teacher, who visited in Berkeley and San Francisco during the holidays, returned to Grass Valley.

C. H. Taylor of the Grass Valley Garage is about again after a touch of influenza.

Army Adams, who has been visiting with his family in Grass Valley over the Christmas holidays, left for Seattle, where he will remain for a short time before continuing to Alaska where he has mining interests.

Miss Alice Henwood has returned to San Francisco to resume her work at the state teachers' college after spending the holidays in Grass Valley. She was accompanied by Mr. and Mrs. William Trathen, who visited for several days with Mr. and Mrs. Josiah Henwood.

Mrs. Harry Richards came up from Los Angeles recently to visit in Grass Valley for several months.

Miss Margie Menz left for San Francisco where she will visit with friends for a couple of days.

Miss Florence Bennallack has returned to Sacramento after spending New Year's visiting in this city.

Robert Deward, who came up from Calistoga recently, will visit in Grass Valley until the end of the week.

Mr. and Mrs. McA. Thomas and son, Carleton, have returned from a New Year's trip to San Francisco.

Mr. and Mrs. E. G. Lime of Sacramento are spending a few days here.

Jerry Williams Sunday departed for Santa Rosa on business.

William Writescarver of Stockton spent Christmas and the holiday with his mother.

Mr. and Mrs. W. H. Trathen returned to San Francisco after visiting for several days with Mr. and Mrs. Josiah Henwood and family.

Walt Weiger, local postal carrier, left for Sacramento, called by the death of his father.

Mr. and Mrs. Lester Wiseman arrived from Sierra City to remain here throughout the winter.

Mr. and Mrs. John Hammill have returned from Berkeley where they spent the past two weeks.

Harry B. Cox drove to Sacramento to witness the Rolph inaugural parade.

Dan C. Stewart has left for San Francisco to attend a Pacific Gas and Electric company business and will be away for several days.

Mrs. Tony Bertino, who has been visiting with Mr. and Mrs. George Trezise for several days, has returned to her home at San Rafael.

Traffic Inspector Frank Quinn, Captain J. E. Blake and officer William Fouyer were on duty at Sacramento Tuesday for the California Highyay Patrol.

P G AND E MAKING GOOD PROGRESS ON POWER DAM

JACKSON, Amador Co., Jan. 8.—The first units of the Pacific Gas and Electric Company's $40,000,000 construction program on the Mokelumne River are reported by officials of the company to be more than three-quarters completed.

To date more than 2,50,00 cubic yards of rock fill are in place and more than one-half of the reinforced concrete covering on the upstream face of the dam has been put inplace. The company officials report that at present rate of progress the completion of the Salt Springs Dam and Power House and the Tiger Creek Power House is expected by June 1st of this year.

Building Power House

The foundation and frame work of the Salt Springs power house and the Tiger Creek power house has been completed. It is expected that by the end of the present month the installation of machinery and equipment will begin to take place.

About six of the 20 miles of concrete flume which will convey the water released at the Salt Springs Dam to the Tiger Creek power house is completed and in place.

Of the seven tunnels along the line of conduit all but the two longest have been finished, and the process of boring the other is well under way. The work of tunnelling will be completed early this spring, and the entire conduit will be ready for use by the end of May.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Jan. 8—(Special).—Well, 1931 is here and he seems to be carrying on the good work of the parting year. We thought the little New Year would surely be drowned, and he certainly received his baptism of immersion, for the rain poured a perfect deluge in our section as the years were changing plans. We are surely getting plenty of water here, but that is what we want, and we are thankful.

New Year's Eve was celebrated in htis place by a social dance. It was sort of a home affair in which all the neighbors took part and had a general good time. All repaired to the school house. With home music of organ, guitar, violin, harmonica and een vjewsharp, dancing, both old-time and new jigs and reels was the leading feature. They watched the old year out and ushered the new year in with music and songs and ringing of bells, altogether a good time was had, everyone enjoyed coffee, sandwiches and cake which was served.

Miss Thresa O'Connor of Birchville was a Friday visitor.

W. E. Moulton and H. Hoskins made a trip to Marysville Saturday.

Mr. and Mrs. L. Dudley of Nevada City were visitors at the home of Mrs. Dudley's parents, Saturday and Sunday.

J. Swazey returned to Nevada City Wednesday after spending a few days in French Corral.

Miss Frances Moulton came from Sacramento to spend New Years at her home in French Corral.

A. O'Connor returned to San Rafael Friday. He was accompanied as far as Grass Valley by his sister, Catherine and brother Michael.

Mrs. T. Schwartz visited friends in French Corral Friday.

F. T. Lidyou, representing the Italian Building and Loan Association of Grass Valley, had business here Friday.

The S. J. R. W. Association held their regular meeting Sunday. Much important business was transacted, among the election of officers for the ensuing year, W. P. Clerkin, Pres.; F. Conner, Vice Pres.; Mrs. C. H. Jones, Secy; R. Fogarty, Treasurer; W. E. Moulton and W. W. Washburn supervisors.

H. Browning and W. W. Washburn made a trip to Browns Valley Sunday.

A. Thurston and Mrs. Vivian made a trip to Oroville Friday.

E. De Prati has gone to Grass Valley to spend a few days.

The Boss mine at Sweetland is operating under a new management.

Happy New Year to The Nugget. (Too Late for Last Week's Issue)

Mr. Frazer Thomas and daughter Miss Jewell Thomas, returned to their home in Sacramento after they had spent some time with relatives in French Corral.

Mr. and Mrs. Lloyd dudley returned to the home of the bride's parents Mr and Mrs. W. E. Moulton, Sunday afternoon for a short visit. They will make their home in Nevada City where Mr. Dudley is an employe of the Bank of America and they left for the city that same evening.

Miss Frances Moulton returned to Sacramento, Sunday night. She was accompanied by her parents, Mr. and Mrs. W. E. Moulton, and Mrs. E. Sutherland and daughter Barbara.

Mr. L. Day and J. Swazey of Nevada City made a trip to French Corral Monday.

Mr. and Mrs. J. W. Culver left Sunday for San Francisco where they will visit for the week with their son Will and daughter Mrs. E. Chetly. On their return trip they will visit Mr. Culvirs old home in Dixon where he again will go over the scenes of his boyhood days.

Mr. D. Richards and Ray Parsons were hunting in the French Corral district this week, but quail seemed to be scarce in this section.

NEVADA CITY BLUES TAKE FIRST PLACE

	W.	L.	Pct.
Blues	11	4	.734
Colombo	8	7	.534
Native Sons	6	9	.400
Foresters	5	10	.334

During the past week's play in the present horseshoe pitching tournament the Blues advanced to first position by defeating Corte Colombo three games on Wednesday evening, while Court Garfield dropped three games on Wednesday Monday evening.

Monday's games:

C. W. Chapman and R. A. Eddy, Native Sons, defeated Sandow and Davis, Court Garfield, 51 to 36:

Coughlin and Baker, Native Sons, defeated Shorten and Day, Court Garfield, 50 to 46;

M. Chapman and L. Davies, Native Sons, defeated Sharp and Jeffrey, Court Garfield, 50 to 46;

High Scores: M. Chapman, 35; Day, 31; Eddy, 30; Coughlin, 29.

Ringers: M. Chapman, 7; Day, 7; Coughlin, 6.

Wednesday's games:

Gleason and Hoskins, Blues, defeated Zugoni and Muscardini, Corte Colombo, 50 to 32;

Toccalini and Wasley, Blues, defeated J. Cicogni, P. Giani and V. Giani, Corte Colombo, 50 to 24;

White and Macari, Blues, defeated L. Cocogni and B. Zugoni, Corte Colombo, 52 to 44.

High Scores: White, 29; Hoskins, 28; Toccalini, 27.

Ringers: White, 8; Hoskins, 7; Gleason, 6; Toccalini, 6.

NATIVE SONS WIN GAME FROM GARFIELD TEAM

Monday night the second part of the local Horseshoe Tournament opened when the Native Sons took three games from the Court Garfield pitchers. The Natives' showing indicates that they are going to be a threat to the Blues and Colombo pitchers who have shown their heels so far to the rest of the league. Davis, a new pitcher for the Natives, is going to go places if his first showing is an indication of his future work. The pitching of Coughlin and Muller Chapman was also on the up grade. Days pitching' was the outstanding work of the Foresters.

At a meeting held at the Foresters Hall Tuesday evening the Blues elected new officers for the 1931 season. The officers elected for the newterm were: Bill Tamblyn, president; Tom Wasly and Leroyroy Hoskins, vice presidents; Robert Polyglase, secretary-Treasure, Edgar Davey, business manager; James Davies, assistant business manager; Spenecer White, horseshoe captain; Donald Mocari, captain. These officers will take their chairs at the net regular meeting.

Different methods of raising money for the coming baseball season were discussed. It is highly probable that the Blues will put on a group of plays at the Nevada theatre as the club has several thespians in its ranks. Following the meeting a strenuous horseshoe practice was held.

CAMPTONVILLE JOTS

County Surveyor Jason R. Meek of Marysville accompanied by his grandson William Meek, was in town Monday on official business.

Mr. and Mrs. Harold Nelson and two sons of Soquel, arrived Saturday to spend a few days visiting their daughter, Mrs. Fred H. Butz at Celestial Valley.

Administrator of the Estate of Kitty F. Englebright, Deceased.
First publication January 9, 1931.

The BEST Gray Hair Remedy is Home Made

To half pint of water add one ounce bay rum, a small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Apply to the hair twice a week until the desired shade is obtained. It will gradually darken streaked, faded or gray hair and make it soft and glossy. Barbo will not color the scalp, is not sticky or greasy and does not rub off.

DON'T DUCK.

Meet your friends with neatly cleaned clothes.

Did you ever see an old friend coming down the street in the distance, and realizing that your clothes were not neatly cleaned and pressed, turned a corner to keep from meeting him?

Our cleaning prices are so moderate that such a thing need never happen. Send your clothes often to the

GRASS VALLEY CLEANERS

ART COURSE TO OPEN SATURDAY AT COLUMBUS

Commencing next Saturday afternoon an art course of ten lessons, open to Nevada County School teachers will commence in the Columbus School building at Grass Valley, Miss A. Fischbacker of the Sacramento Junior College will be the instructor and the lesson period begins at 1:30 o'clock.

The lessons are given under the supervision of the University Extension and those succeshfully completing the course are entitled to credits from the University of California.

Miss Fischbacker has just completed a similar course in Placer county.

Mrs. Clara Weeks has been appointed by Mrs. Ella M. Austin, county superintendent of schools, as rural supervisor for the Nevada County schools, and she has entered upon her duties. She will serve until the end of the present term and her compensation will be paid from the rural supervisors' school fund, which would revert to the state if not used during the present school year.

MONTH OF DECEMBER NOT COLD MONTH

While December 1930 was not the coldest since official temperature observations commenced in this city in 1893 there have beene only three minimum Decembers in those 38 years in which a lower mean minimum was recorder.

The mean minimum last month was 24.4. In December 1911, the mean minimum was 24.1; December 1918, 22.6, the lowest on record and December 1919, 24.0.

The mean maximum last month was 58.5. The warmest day was on December 8th when 67 was recorded. The coldest was on Christmas eve, with 16 as the mark. On only two days in the entire month was the minimum above the freezing point.

On four days there was rain recorded, the precipitation for the month being. 50 of an inch. There were 17 days on which the sun shone through clear skies and only one on which the sun did not make any appearance at all.

LAST SILVER MINE IN TONOPAH CLOSES DOWN

TONOPAH, Nev. Jan. 8—The Tonopah Extension company, the last of Tonopah's corporations to operate its mines despite the silver slump, has suspended operations. All departments of the mine and mill have been closed down and 140 men discharged.

The future of the company is to be determined at a meeting of the board of directors in Tonopah next Wednesday. Officials state the corporation is unable to profitably operate with silver at its present level, but that activities will be resumed whenever the price of silver shows improvement.

LOCAL HAPPENINGS

Miss Emily Davis returned Wednesday from San Francisco where she attended a Pacific oCast Conference of Public Health nurses.

Levin C. Brown of Sweetland came to Nevada City Wednesday in response to a summos for jury duty.

A. F. Thore of Tyler was a business visitor in Nevada City Wednesday.

Mr. and Mrs. Carl Ivey who have been the guests of Mrs. Ivey's mother, Mrs. Nellie Veale, have returned to their home at Chico. Mrs. Veale accompanied them.

Ross L. Taylor, deputy county surveyor of Sierra County, paid The Nugget office a visit during the week.

Joe Poggi and wife of Downieville who were spending the holidays at Angels Camp passed through Nevada City on their way home. Mrs. Poggi's mother accompanied them and will visit in Downieville for a short while.

Supervisors E. B. Dudley of North-Bloomfield, Ale. Robertson of Hobart Mills and J.oe Frank of Rough and Ready have returned to their homes after attending the monthly session of the board of supervisors.

Miss Dorothy Sawyer, who has been confined to her home by quite a severe attack of the flue, has recovered sufficiently to leave for Modesto where she will resume her position in the public schools.

JOBLESS MEN PROBLEM SOLVED BY GOLD MINING

W. B. Carter, a traveling man for a San Francisco mine supply house dropped into the Nugget office Friday and in the course of conversation said: "My business, as you know is selling mine supplies and it takes me everywhere where there are mins working or a prospect of there likely to be a mine. But what I was going to say was, I have never in all my experience, which is some fifteen years selling mine supplies, seen so many men playing a lone hand with the old fashioned rocker and a make believe sluice box as I have this last trip. During the past three months I have covered about all the territory where gold mining is carried on in this state and there isn'a day passes that I do not run on to from one to half a dozen regular old time 49-day outfits somewhere out in the hills working away with an old fashioned rocker and, by george, they're making good as far as making a living is concerned. Of course none of them are getting rich, but they are making moderate wages as an average and many of them are actually saving a small sized nest egg. I generally run across these lone handers who are working either by themselves or in cahoots with a partner around the old hydraulic workings or washing out the tailings from some old mill.

In the foothills around Oroville scores of men are mining for gold in the old tailings left by the old timers many years ago and in crevices that were missed by them.

For years many gold-bearing ravines have seen no activity, but this winter, with many men out of work, they have again become busy scenes. With nothing else to do, men with a hankering for mining are getting out their gold pans, knocking together a rocker and sluice boxes and are getting busy. Men who own the property on which most of these men are working readily grant permission for the men to work, some of them receiving a small percentage in return for the privilege of mining. We have found that these men are actually making on an average of from $1 to $6 a day. Of course some of them do not run over two or three dollars a day, but as one old fellow said: "it's a heap better than pounding the sidewalks in the cities."

" Every year there a few old timers who take out their outfits and go to work as soon as spring comes and occasionally a small strike is made Of course most of the ravines and pay gravel has been gone over by the early-day miners, but in many cases the miners left quantities of gold in the tailings. This year the number of 'panners' has greatly increased. In fact the hills are full of them and the sight of their tents and the curl of the smoke from their camp fire can be seen at almost every turn in the road.

Gold pans and small mining picks are used to scrape the tailings and crevices in the bedrock. Others, who are more ambitious are using small rockers in which the kravel is placed with water. Of cours every one knows how to use an old fashioned rockers in which the gravel is placed segregated from the fine sand, the residue is taken out and panned. I ran across one young man who was working all by his lonesome, a few days ago down in Mendieoni county who had a glass fruit jar almost half full full of coarse gold. He rode into town with me to sell his find and was going on to Sacramento to see his wife and kiddies.

NEVADA COUNTY'S FIRST WHITE CHILD CELEBRATES

On Christmas Day, Dennis Wood celebrated his seventy-eighth birthday at his home on Gray street Susanville. He is said to be the first white male child born in Nevada County.

When still a young man he went to Lassen county and much of his life has been spent in that county. In the early eighties he served two terms as sheriff of Lassen county. He was in the meat market business for over twenty years and some years ago he retired from active business his son Frank takin gover the management.

For forty-four years he has been a charter member of the lodge of Native eSons of the Golden West. On October 23 of last year he was presented with a gold medal by the Grand Master of the I. O. O .F., Mr. Floyd Hushaw, for having been a member of the order for forty-tree years.
